CHIRAYU CHOUDHARY

FULL STACK DEVELOPER

PROFILE

Motivated Computer Science and Engineering student at IIIT Bangalore pursuing an Integrated Master of Technology (B.Tech + M.Tech) with a strong academic record and a passion for full-stack web development and mobile application development. Possessing robust problem-solving skills, proficiency in multiple programming languages, and hands-on experience in both industry and academic settings, I thrive in collaborative environments and excel in learning new technologies. I am committed to delivering high-quality, scalable solutions and continuously expanding my technical expertise.

WORK EXPERIENCE

- Zense - IIIT Bangalore Tech Club** AUG 2024 - PRESENT
Android Developer
 - Developed and maintained Android applications enhancing user experience and engagement for club events and initiatives
 - Collaborated with cross-functional teams to integrate new features and resolve technical issues efficiently
 - Participated in code reviews and contributed to the continuous improvement of the development process
- IIIT Bangalore** AUG 2024 - DEC 2024
Teaching Assistant
 - Assisted in teaching core computer science concepts to undergraduate students
 - Conducted coding sessions, held office hours, and provided feedback on assignments
 - Supported the instructor in preparing course materials and grading examinations

PROJECTS

- Pet Adoption App** MAY 2024 - AUG 2024
 - Developed a pet adoption application using Kotlin for a competition, focusing on a seamless user experience for adopting pets.
 - The app featured an intuitive interface, integrated RESTful APIs, and utilized Firebase for real-time updates and data management, ensuring a smooth and efficient process for users to browse, select, and adopt pets.

ACHIEVEMENTS

- Top 10 in Google Code-In Challenge 2019
- Received Scholar's Blazer in Class 12 (PCM Stream)
- Served as Cultural Head Boy of the school in 2022-23
- Achieved overall school topper status in 2022-23, scoring highest marks across all subjects
